## Lucy's Blue Day

Lucy has wonderful hair. It changed colour like no other. When the sun shines bright, her hair is as yellow as, bright light. When her little brother makes her really mad, her hair goes as red as her dad's.

One day her friends got a brand new toy, her hair went green with envy, no sign of joy. When Lucy was excited, she was full of happiness and glee, her hair went bright purple.

One day she woke and sun was not so bright she didn't feel happy, she didn't feel great, Lucy did not know where to look and she didn't know what to do, because that morning she woke and her hair was dark blue. She felt sad and she didn't want to leave home and wished the blue colour could go away. But she got dressed and off she went to school. In the school her friends laughed at her, but her teacher said, 'it is not so bad'.

One student shouted look Lucy –someone like you and when she looked up she saw a boy standing with blue hair and a smile on his face. Lucy asked the boy do you feel the sadness too. He said no, because you have days like this, it is important to know it is ok to be sad, angry and mad.

Tomorrow you wake and sun will shine bright and today will fade like a dream in the night. Then she told her parents I will be fine because it is ok to have some time blue day

**Question asked by the students:-**
